Why choose group tutoring?

Group tutoring (maximum of eight students, minimum of four) allows for extended discussion which is vital for students of English. The sharing of ideas is a highly effective way of developing both knowledge and skills that will help facilitate success in their final GCSE exams. Sessions are also less than half the price of one to one tutoring.

Who are the sessions aimed at?

Most sessions are aimed at KS4 students – so years ten and eleven. Please see note below regarding knowledge of texts. The KS3 sessions are aimed at years seven, eight and nine.

Platform

Our sessions are run through Google Classroom which offers quality connection, smooth file sharing and work storage to build up a bank of shared examples and resources.

Cost

Sessions are £15 per person with a discount for block bookings. Most – but not all - sessions include the marking of an essay/piece of writing after the session.

Important Information

It is recommended that for Macbeth and Jekyll and Hyde students know the texts before the sessions. Each session is focused on a key theme or character and therefore knowledge of plot prior to the session will enable the student to make better progress.

Further Information
